## Annual Achievement Report

**Name:** XXXXX

**Class:** XXXXX

Attendance: 200

Possible Attendance: xxx

Subject	Effort	Comment
Science (Mrs Waters)	3	Good subject knowledge. A competent scientist.
ICT	3	Has worked well in this subject this year.
Geography	3	A bit quiet, but good knowledge.
History	3	Needs to try and get involved in discussions.
Art	3	Has worked at a steady pace.
Music (Miss S.)	3	Can sing songs in parts and enjoys playing rhythms.
PE & Games (Mr H.)	3	Performs well and always tries hard.
French	3	Has progressed this year & benefitted from the French trip.
RE (Mr Day)	3	I would love to hear more from XXXXX. Steady effort.
Design & Technology	3	Enjoyed making a WWII plane.

Grade	1	Well above the standard expected
	2	Above the standard expected
	3	At the standard expected
	4	Below the standard expected
	5	Well below the standard expected

### English

XXXXX has made very good progress in English this year and I have been pleased with his writing in particular. When XXXXX applies himself consistently the standard of his work is very good. He does not always do this at the moment which is why there is a bit of a lack of consistency across all of his written work. XXXXX has really developed his creative side and this was really clear in the writing he did on the topic. I think XXXXX needs to concentrate and focus a little more when planning as this will really help him when he is writing.

XXXXX's reading is strong but I would like to see him work through more books as his reading pace is a little slow when reading to himself. I would also like XXXXX to continue to read a diversity of books and genres.

**Effort** **3** **Achievement** **3**

### Mathematics

XXXXX has made solid progress in maths this term but does need to make an effort to contribute more to our sessions. He rarely puts his hand up to offer ideas or solutions even though he is often right. He has a good understanding of number and is beginning to apply this consistently to his work. He does need to be careful when checking his calculations as he has a tendency to make silly mistakes. XXXXX needs to apply himself a little more consistently as I believe he could achieve a lot more in maths with a bit more focus.

XXXXX's target for next term is to improve his understanding of fractions, decimals and percentages.

**Effort** **3** **Achievement** **3**

### Topic

XXXXX really enjoyed our Britain Since the 1930s topic and I was really pleased with his contribution to our sessions and the level of research he undertook. He really developed and empathy with children during the War and produced some excellent topic work. XXXXX enjoys history and this topic allowed him to develop his ideas and learn a lot about the past.

XXXXX's contribution to our Green Town project was excellent and he worked very hard to make this a success for his group. XXXXX found working in a group challenging and managed to overcome this through determination and hard work. I was pleased with the way XXXXX contributed to class discussions, especially during the Green Town debate, and felt he got a lot from this project.

XXXXX and his group have worked hard to overcome a range of different problems in our Enterprise topic. He is now much more aware of the importance of trade and has begun to understand the impact this has on the world. XXXXX has some very good ideas and he worked really hard to make them a reality. Well Done XXXXX!

### Personal progress

XXXXX has had a very good Year 6 and has made solid and consistent progress throughout. I do feel XXXXX is capable of much more than I have seen and sometimes feel he does just enough to fulfil my expectations. I know XXXXX is focused very much on other aspects of school life, such as sport, but hope he realised everything has to have its place.

XXXXX is very popular with the other children in the class and has really developed the ability to work constructively with a range of different people. He is keen to learn and will respond to challenge when working in a small group.

XXXXX's behaviour is always excellent. A really good year XXXXX, Well Done!

### Areas for improvement and future learning:

- Expand your points and be more descriptive in your writing (if appropriate)
- Make sure you give detailed enough answers in tests
- Try and take more of an active interest in your learning

### What you can do at home to help XXXXX's progress:

- Try and encourage XXXXX to read more challenging books.
- Help XXXXX to develop his organisational skills.
