BEING HUMAN TOPIC

Dear Parents/Carers,

As part of our Being Human topic in Year 6, we will shortly be addressing two important aspects of our work: drug and alcohol awareness education and sex and relationships education. Both of these units involve statutory learning that must be covered as part of the KS2 Science National Curriculum.

The exact topics we will be covering are outlined below.

Drugs and Alcohol Awareness Education:

Medical and illegal drugs

The effects on the body

What the law says

Sex and Relationships Education:

Changes during puberty (physical and emotional)

Different types of relationship

Process of human reproduction from conception to birth

Classes will have the opportunity to ask questions (either openly or anonymously) and all discussions will be dealt with in a sensitive and informed manner.

We are giving you advanced notice of this topic should you wish to broach the subject with your child at home. If you have any concerns or questions about the topics covered and the materials being used, please do speak to your child's class teacher.

Yours sincerely,

Miss Watkins, Miss Tinson and Miss White

The Year 6 Team
