

QE NEWS

Autumn Term ~ Issue 2~ 13.10.2023

Record breaking September...

With the news reporting that September has been the warmest on record, it has been great to see the children being able to use all the outdoor spaces including the field and swimming pool. It has also meant that the teachers have been able to incorporate some outdoor learning into their lessons, especially Year 6 with a long division hunt. It has been great to see all the children settle so well into their new classes and life at Queen Eleanor's, in particular the Year 3 children and those in other year groups who have joined us since September. I would like to take this opportunity to point you in the direction of the year group pages on the school website where you can find more information on what the children are learning this term as well as find pictures of what the different classes have been up to.

Mrs Davies... We look forward to welcoming Mrs Davies back to school on Monday 16th October.

Attendance... On Monday the 2nd of October, for the first time in Mrs Robson's long reign in the office, all 346 children were in school meaning we had 100% attendance! It was great to be able to share this with you and, to reward the children, we gave the whole school an extra 15 minutes break time! Let's hope that this will be the first of many days when we are all in.

Harvest festival... On Tuesday 3rd October, the whole school went to All Saints Church and took part in a Harvest Service led by Reverend Beverly. Courtesy of the Faith Team (who read their readings beautifully), the children learnt all about the history of the Harvest festival and it was great to hear the children in full voice as they sang along to the Harvest Samba—thank you to Mrs McCorkindale and Mrs Prawitt for teaching the children the songs in class assemblies and Miss Mclean for organising. Thank you very much for your kind donations which have all been gratefully received by the North Guildford Food Bank.

Fund raising at Queen Eleanor's... Celebration Collective Worship on the 22nd September was a colourful affair with the children wearing yellow and bringing in money for Childhood Cancer Awareness Month. In assembly, we learnt about some of the great work that the Children's Cancer and Leukaemia Group do and we managed to raise an impressive £281.47. A huge thank you to Mrs Prentki who organised this and sent off the money. The following Friday, we had the Macmillan coffee morning which was a great opportunity to meet and talk to parents and raise some money for the great work Macmillan Cancer Support do. In total, we raised £185.18.

Sporting success at QE... Y6 had their first netball match of the season last week, playing Holy Trinity at home. We put out two teams and managed to win both matches. Although the match played by Florence's team was quite even, QE had amazing shooters and won 9-2. The player of the match was Florence. Isobel's team had a very exciting, equal game whose score fluctuated throughout. QE came out on top, winning 6-4 with Ellie player of the match. Well done girls, a good start to the season. We have also participated in two cross country races (one at Prior's Field and the other at Holy Trinity) with a few children finishing in the top ten. Most impressive was Millie in Year 6, who ran both races on the same day, and finished an impressive fifth in both!

Children's Voice... It has been great to see so many children across the school putting themselves forward for the various responsibilities that we offer. Each class now has an Eco-rep, a member of the Faith Team as well as two School Councillors and Wellbeing Ambassadors. The Wellbeing Ambassadors have already received some training from The Eikon Charity and have fed this back to their classes. The Sports Captains have also been put to work by Mr Smith and the House Captains have been busy collecting house points on a weekly basis (which we will publish in our newsletter—see below) as well as leading tours for prospective new parents.

GST 10 Year Anniversary... On Wednesday the 20th September, I had the privilege of taking 27 children from Years 3, 4 and 5 to Guildford Cathedral to celebrate the 10 Year Anniversary of the Good Shepherd Trust (GST). The children learnt how the GST was formed and how they support Queen Eleanor's and all the others schools that are part of the Trust while taking part in different craft activities, including making their own sheep. The school was also given a copy of the GST Prayer—

er that was written to commemorate the occasion. The children will learn this prayer in celebration collective worship and we have chosen it as the prayer of the month which you can see below.

We hope you have a lovely weekend!

Prayer of the Month

Lord Jesus,
our Good Shepherd,
you said "I have come that
you may have life
and have it to the full."
Thank you for guiding
us and
showing us how to live,
Love and serve others.

Help us as we develop our
community life
so that we all have a place
and can contribute.
We ask for your blessing on
the whole Good Shepherd
family,
as we walk together into the
future.
In your name we pray,
Amen

DRIVERS BEWARE

This week, following several complaints from concerned parents and residents, the school was contacted by Surrey Police.

The police are in receipt of photographs and vehicle registration numbers of repeat offenders. They have been in contact with NSL, the UK's leading provider of parking enforcement services to advise them of the escalating dangers surrounding parking and driving at Queen Eleanor's.

We expect to see an increased presence of parking wardens in the area. Hopefully this will begin to alleviate the issues of:

- Parking on yellow lines at any time
- Stopping (even temporarily) to let a child out of a vehicle
- Parking on or partially on pavements
- Driving or reversing on pavements
- Stopping or in some cases parking in the middle of a road
- Stopping or parking on a corner

There are more than enough safe parking areas or stopping points for vehicles in the surrounding streets. A few extra steps is worth avoiding a painful fine, and more importantly, avoiding injury to a child. There is nothing so important worth rushing for that it threatens the safety of others. Please remain considerate at all times.

With the exception of designated parking bays, there should be **NO** parking on Queen Eleanor's Road at any time—it is especially dangerous across from the school itself where traffic builds up due to the narrowing section of the road.

Thank you to those who do park considerately, and who make the effort, where possible, to walk to school. It is noted and appreciated.

The police have advised that should ANY dangerous driving or parking continue to be observed, that you contact NSL on the following number, choosing option 4:

0330 1755930

This will ensure the traffic wardens become a regular feature and not a one-off deterrent.

Make a beetle bucket

You will need

- A bucket, trug, or other durable, upcycled container
- A small craft knife
- Stones

Fill a bucket with rotting wood and leaves and make the perfect home for all sorts of beetles and other insects. Making your beetle habitat in an old plastic container means you can easily find it again to top up or examine the contents (make sure to replace everything straight away after examining).

- 1 Safely cut small circular holes (around 3cm wide) in the sides and bottom of the bucket for beetles to enter and exit.

- 2 Dig a hole just larger

- 4 Fill the rest of the bucket with bark chips and/or garden leaves, leaving around 10cm at the top to fill with some soil dug from the ground.

- Small logs (that will fit in your container when upright)
- A spade

Fill a bucket with rotting wood and leaves and make the perfect home for all sorts of beetles and other insects. Making your beetle habitat in an old plastic container means you can easily find it again to top up or examine the contents (make sure to replace everything straight away after examining).

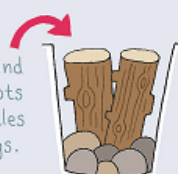

- 1 Safely cut small circular holes (around 3cm wide) in the sides and bottom of the bucket for beetles to enter and exit.

- 2 Dig a hole just larger than your bucket and sink it into the ground.

- 3 Place some large stones at the bottom of the bucket, then stand some small logs upright on top.

These will rot and make lovely spots for female beetles to lay their eggs.

- 4 Fill the rest of the bucket with bark chips and/or garden leaves, leaving around 10cm at the top to fill with some soil dug from the ground.

- 5 Top the soil with a couple more logs to tempt in beetles - from above or below!

If you'd rather not use plastic, you can simply make your beetle 'bucket' in a hole in the soil.

Perfect for smaller gardens!
